Chapter 1 by Story Wars

I watched the decaying screen on my laptop with deep nostalgia.
I had expected this, but that didn't make this any easier.

"Goodbye, Storywars."

Chapter 2 by LiamLeblanc13

Goodbye, LethalPianist. Your legacy will always be remembered. And by the way, you are still in the top 10 users.

You will be remembered.

Chapter 3 by Phantim

Now we are left to wonder why he chose to depart.

Had the community changed too much?
Had the website changed too much?
Had chat gotten worse?
Had the quality of stories diminished?
Did he feel like his writings were not appreciated enough?

What can be done, to keep more people from making the same choice?

Chapter 5 by SaintSayaka ✎

Eclipse's hurtful draft only deepened the sadness we felt in our hearts. Lethal was still gone. And we had been punished for hoping otherwise.

Chapter 6 by Centania ✎

Perhaps the reason that lethal left was because of Everything. Maybe they felt that they weren't good to do this. It's sad. People hurt and kill other people inside and they don't know. Then we do NOTHING about it. Me included. We need to change. Our society needs to change. We need to change so that if people wanna do things. They should be able to do whatever they want.

Even if the suck at what they at what they are doing. They only way you can grow is to learn. Embrace new ideas. Don't shun them. Accept people because one day maybe you don't think will happen. You will regret it. Don't wait and find out. Do not let it happen to you. Accept those who need to be accepted because everyone is fighting there own battles. And Everyone ,Everyone is entitled since birth a chance. A single chance. Don't deprive them of that chance.
